MIST

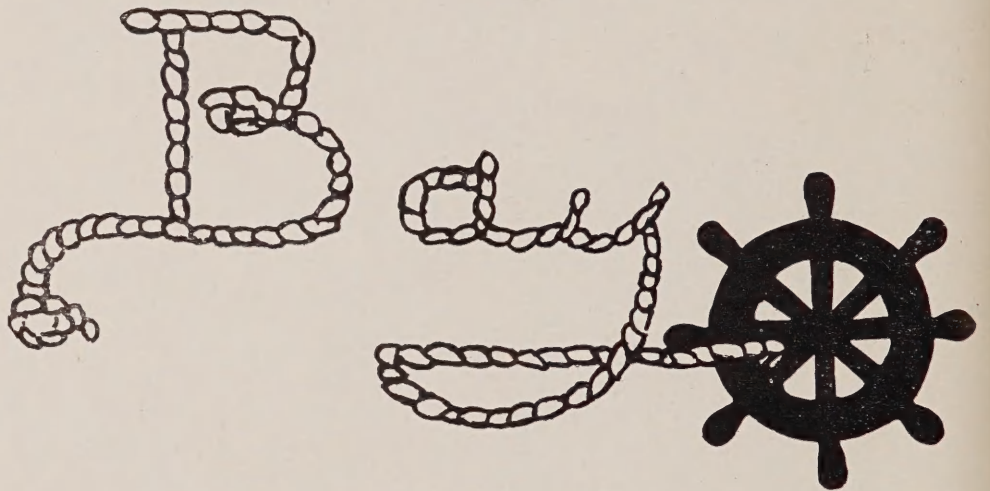

Dear Jake,
I'll never forget
the big, lucky he-man
that always sat next to
me on Friday. I enjoyed
to have you as a neighbor,
(Farmer) and I doubt I'll
ever forget it. All I

can write is to wish
you the best of luck
in the years to
come.

Sincerely,
Latawey Janklegan

. . . the anchorage of education . . .

Dear Jake;

I'm writing in your Bay Mist so that in later years you can see how I write with a fountain pen. Jake, this is from my heart; from the top of my heart to the bottom of my heart; I think you're a swell guy. Don't ever forget the rides we had in your brother's car, specially one, Wow, that was a bang.

I've known you since I and you were in seventh grade and I hope will continue to know each other

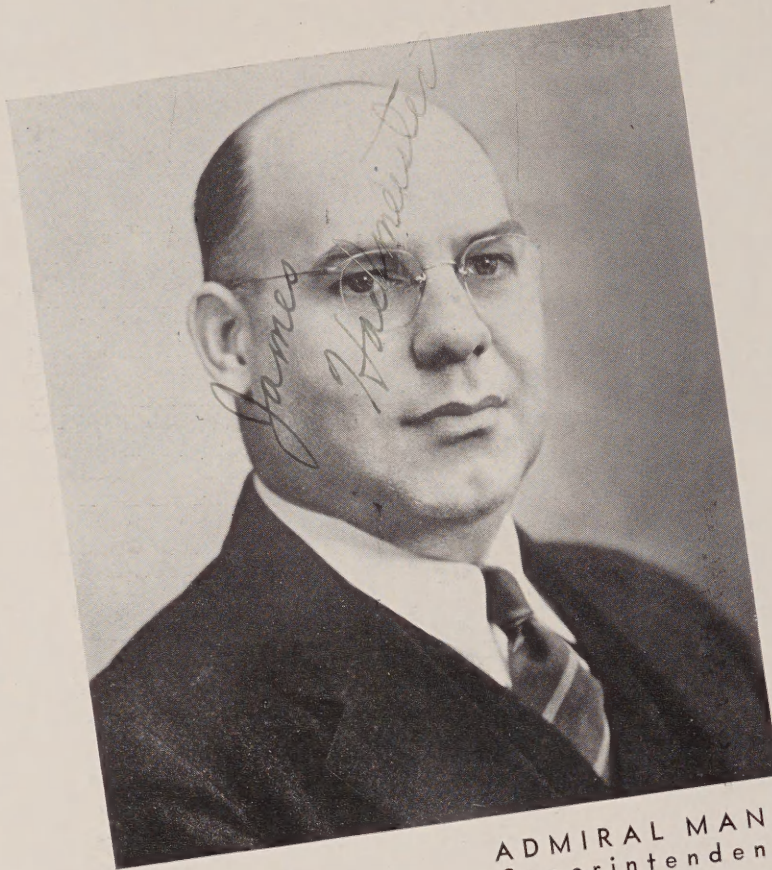

In the morning as we enter
we see our awards and rows
of lockers.

In the afternoon in our gym
we see our athletes and
speakers.

But rarely do we look be-
hind the scenes.

Dear "Jake"

I was never so short on words until I began writing in your way mist. Maybe this is only one man's opinion but I think you are a very nice guy. I only have one wish that would interest you and that is that I wish you would not slaughter the birds so much and that you should leave a few of your "damers" for me. When I said that it was only one man's opinion that you were a nice guy I don't think I was very correct because I just thought of the person in English class that also thinks that you are a very nice guy. By this I mean the girl named Catherine and I was a handsome brute like you so that I could be a

MEMBERS OF

woman killer too. Don't forget not
to break your crazy neck this sum-
mer when you drive that funny
looking car of yours if you can
call it a car. I don't like to
write in bay mists so much
because never
know what to
say and I never
know if I wrote
enough after I am
done or not. May-
be you will be
mad at me because
I didn't write enough
to your book but
I just don't know

what to write so I will just have
THE CREW few lines so that
it might make you feel good.
I sure do wish that I will
see you this summer
and I hope that we will have
a lot of fun next year and be
in more classes with you.

Dear Jake,

I will never forget the fun you
and I have had in English. (I
hope you never will either.) From
what I have heard from all the
girls you must be a woman
killer. Say, next time you're
driving your car you wait for
us to pass
instead of
us waiting
for you to
pass. I have
always wondered
where you got
that Cimarron
of yours. I thought
maybe you took
a few pieces of
junk from the
junk yard and
put them together.
Well I'm getting
short of words (as if I haven't
been all along) so I close hoping
to see you next year and
hope I have got some
classes. Best of Luck and love
in the oncoming years.

Dear John:
 I'm sorry I didn't
 get to know you a
 few years sooner.
 But when I come
 back to visit
 school, then I'll
 probably see you
 around. When are
 you going to give
 me a ride in
 that "Limousine"
 of yours. Yes, we
 certainly had fun
 in 5th. Love, John
 Lee, Ed? Best of
 luck to Ruthie's
 little brother
 who is bigger.
 So long,
 Lucy J. Jorgensen.

Ship ahoy, Students! We're going to visit good old South Milwaukee. As we enter the harbor we catch a glimpse of the jetties and pier and soon set foot upon Grant Park's beaches. We see a squinting lad upon the sand and view the beautiful shore line. We take our course through the woods and pathways of Grant Park. Upon entering the campus we behold the athletic field with the newly built bleachers and tennis courts.

Jake:-
 Best of luck &
 success to you. It
 depends on you.
 Sincerely
 Good Peaky

The portion of the campus including the activities of track and football prove very entrancing (or are the coaches the added attraction?).

We take our leave and pass through the doors of the gymnasium where we witness a conference basketball game. We then notice that election time is near by the numerous display of candidate publicity. But class activity has not changed much and the institution is obviously full of knowledge-seekers.

Best of Luck to
 a good General Metal

THE STUDENT ROUNDTABLE

The "Student Roundtable" was an outgrowth of the Senior Senate. This unique group was originated by the students themselves—for the students' needs. They discussed the most vital problems of the students in the entire Junior-Senior High School. All meetings were open to anyone to "voice" their opinions on subjects under discussion. Discussions have thus far been on the following subjects: (1) General school policy, (2) School Awards, and (3) Social Functions. The students' conclusions became a basis for Administration of various school policies.

A small group selected from all Roundtable participants acted as a Council to act as an advice group where minor school-rule violators were brought for "trial." The purpose of this group was not to impose penalties, but to talk over the accusations and let students see why and where they had been wrong. This group really acted as intermediate between individual students and the school Administration.
